#### Cal OES SOUTHERN REGION

#### Railroad Derailment, Colton, San Bernardino County, SPILL: 18-7204

On 10/23/18 at 1906 hours, the California State Warning Center (CSWC) received a report from Union Pacific Railroad (UPRR) advising that two empty grain railcars rolled uncontrolled and derailed in the upright position due to unknown causes in railyard in Colton, San Bernardino County.

- There were no hazardous materials released and no injuries reported.
- Rail traffic was not impacted.
- CSWC made notifications per SOP.

# WEATHER SYNOPSIS BY REGION

## **NORTHERN CALIFORNIA**

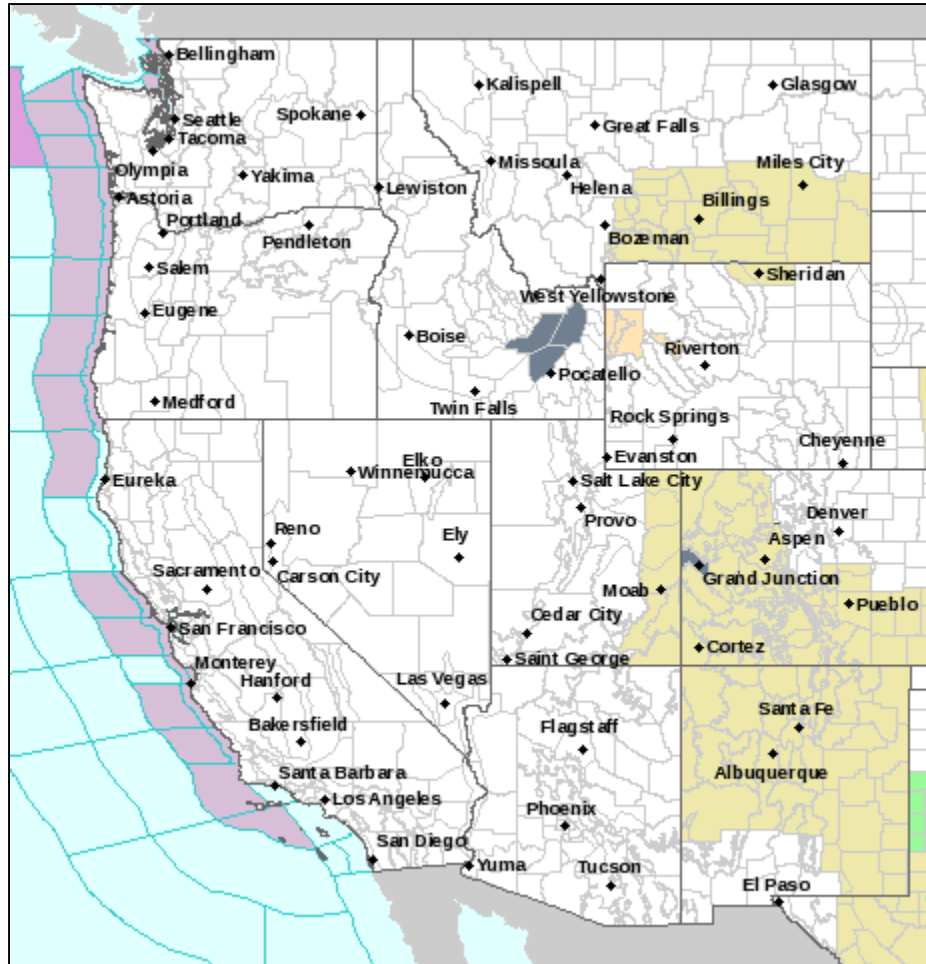

- High pressure will strengthen over the region and dry things out again most areas through the end of the week.
- Another weather system expected this weekend/Monday with a bit more light precipitation possible in same NW portion of the state Sunday, possible lingering showers along OR border Monday.
- Gusty southerly wind developing in many areas near/E of I-5, strongest Shasta Valley eastward across Siskiyou and Modoc Counties.
- Otherwise, winds rather light and of local diurnal patterns into Saturday. Gusty S to W winds expected Sunday, possibly becoming NW to N and increasing markedly next Monday.
- Moderating relative humidity (RH) with overall higher values especially western areas, but min afternoon RH still 13-25%.
- Temperatures generally 5-12 degrees above normal next 7 days, warmest days likely Friday/Saturday.

## **SOUTHERN CALIFORNIA**

- Locally gusty north winds will be possible in Santa Barbara County and along the central coast today. A strong warming trend will occur tomorrow through Saturday before cooler weather will likely return next Sunday.
- High temperatures in the 50s in the mountains to near 80 in the valleys today. By Friday, highs will be in the upper 80s to near 90 in the valleys.
- North wind gusts to 25 mph this morning in Santa Barbara County. Similar winds expected along the central coast during the afternoon hours. Light northeast winds under 20 mph will be possible in the mountains late this week.
- Minimum humidity in the 25-35% range over most areas. The central coast interior will continue to see readings in the teens throughout the period. Look for minimum RH to drop significantly Thursday into the weekend.
- No precipitation is expected throughout the period.
